

EPAM Rated No. 1 Software Engineering Company in Kazakhstan, Enters Top Rankings in Information & Communication Technologies

July 2, 2014 1:00 PM EDT

Newtown, PA - July 2, 2014 - EPAM Systems, Inc. (NYSE:EPAM), a leading provider of product development and software engineering solutions known for its award-winning Central and Eastern European global delivery platform, has been independently ranked #1 among the 2013 leaders in Software Engineering in Kazakhstan by Expert RA, a leading international rating agency. The positioning is part of the annual project "Information and Communication Technologies in Kazakhstan" exploring the Kazakh IT market and its largest players. New to the ranking, EPAM Systems has also entered the list as #2 leading IT services provider and #2 leading company in Information and Communication Technologies in the country.

"2013 was another year of growing the significance of software engineering services in the IT market landscape of Kazakhstan," said Arkadiy Dobkin, CEO & President, EPAM Systems. *"Both multi-national companies and local organizations are looking for partners with a proven track record of delivering complex projects and we are pleased to see this independent, internationally recognized confirmation of our ability to meet the rising demands of our clients."*
