

## EPAM Ranked #8 on Forbes' List of 25 Fastest Growing Public Tech Companies

April 26, 2016 5:54 PM EDT

NEWTOWN, Pa., April 26, 2016 (GLOBE NEWSWIRE) -- EPAM Systems, Inc. (NYSE:EPAM), a leading global provider of product development and software engineering solutions, today announced that, for the second time, it has been ranked on the Forbes' list of [Fastest Growing Public Tech Companies](#). EPAM's ability to offer the best end-to-end digital transformation solutions to its clients has attributed to its steady growth. Industry analysts have also recognized the company as the leader in digital platform engineering services.

"We are pleased to be included, for the second time, on Forbes' list of Fastest Growing Public Tech Companies, along with such exceptional names as Facebook, Amazon, PayPal, Cognizant, Red Hat, and Alphabet," said Arkadiy Dobkin, CEO and President of EPAM. "Our ability to sustain growth is directly attributed to the focused investments we've made by evolving our traditional strengths in software product engineering into the core of our end-to-end digital services. By working collaboratively with our clients and building global hybrid teams, we are able to deliver real business results to an increasingly demanding marketplace."

Forbes annual Fast Tech 25 List assesses companies with superior growth (both past and projected) combined with a solid earnings-quality score from Value Line. Companies are then ranked by trailing three years of revenue growth.
